White Wine Club - Summer 2019

Margerum 2016 'D' Sauvignon Blanc

Drink Now - 2025

92 Points ~ Wine Enthusiast
93 Points ~ Vinous

Margerum "D" is an exploration in what can be achieved with barrel fermentation of high quality Sauvignon Blanc. The high mineral soils of the Happy Canyon of Santa Barbara AVA automatically put these wines into a low nutrient category resulting in reduction which, with battonage, gives the wine a mineral quality.

These early picks saw skin contact and all were fermented in 265 Liter Ermitage "Cigar" barrels. These barrels are elongated for added lees contact with the wine.

Retail - $40.00
In this shipment: $34.00

Margerum 2017 Riviera Rosé Reserve

Drink Now - 2021

This wine is a barrel fermented and barrel aged Rosé made primarily from Grenache with accents of Mourvèdre, Syrah, and Cinsaut.

We pick Grenache specifically for our rosé production. Saignée is a winemaking process we use where we "bleed" off a portion of slightly pink juice from a red must right after crush. We then filter and bottle early to capture brightness and vibrancy. It's a refreshing dry spring and summer rosé for picnics and other activities.

Retail - $28.00
In this shipment: $23.80

Margerum 2017 Viognier

Drink Now - 2022

This is the premier vintage of our Margerum Estate Vineyard Viognier, made from fruit grown among the rolling hills of the Los Olivos District.

Steely with hints of straw and golden hues.White peach pear flower blossoms with hints of honey, melon, apple pie and vanilla. While full, round and opulent, there is a balanced acidity along with richness that will continue to evolve with time in bottle. The wine is just basically lovely, delicious and special. Only 56 cases produced - to be sold exclusively in our tasting rooms and online.

Retail - $36.00
In this shipment: $30.60
